Past performance is for indication only and is not a guide to future performance, as investment performance and return may go down as well as up.

Currency Risk: Please note that each fund, within your Member Account, is denominated in the same currency as your contribution. If there is a difference between the currency in which you contributions are denominated and the currency of the underlying assets held by the fund, then you will face a currency risk. The currency risk is such that the investment value will fluctuate either up or down if there are changes in the exchange rates. This risk is in addition to changes in the actual performance of the investments within the fund.
